Yacht Is Dedicated to Mrs. Sharon Green

Counting lunch tickets: Mrs. Green goes through her daily routine of counting lunch tickets.

This person has probably done more during her years at North Lamar to keep the school running smoothly. She has, without a doubt, given much of her support and time in her years here at North Lamar. It was once said that behind every great club or organization there's a great secretary. In this case that is certainly true. With that in mind, it is with great pleasure that the 1982 Yacht is dedicated to you . . .

Seniors presented their annual play titled *Rest Assured,* and athletes were honored and recognized at All Sports Banquet.

During the month of May, the weather caused many heartaches. A tornado touched down in Emberson, leaving many homeless. Many clubs quickly responded and collected money and various necessities to give to those who had lost their homes. The whole town stood behind them and helped them start anew. Citizens even got together and helped to build a new church to replace the one which was destroyed. On the day yearbooks were handed out, weather was once again ugly. One of the windows in the front hall shattered, and *Yacht* Staff members had to get medical aid.

Junior-Senior Prom was once again held in Junior High Gym. Theme of prom was "Paradise Island," and Talewind provided music for the event. The Junior-Senior Breakfast was held at Paris Golf and Country Club.

Beta club members attended the national convention in Orlando, Florida, and visited Disney World during their trip. Baseball team members played in Bi-District and Regional playoffs, and finally ended their season at the Regional finals. A Bond election was proposed and planned, and many people spent long, devoted hours to its cause. Most students were out having fun, either swimming or skiing or doing something energetic. Cheerleaders, majorettes, and flag corps members spent a week of their summer readying for the coming school year. In loving memory of Ben Pasteka.
(1965-1981)

I came to the end of a rainbow,
And what did I find?
I didn't really know.
It certainly wasn't a pot of gold.
In fact, It appeared to be yet another road.

I guess becoming an adult wasn't an end.
It was a beginning.
I was armed with weapons forged of my making.
There was knowledge to learn and wisdom for the taking.
But the future was uncertain, and I was full of doubts and fears.
As life darkened, a light appeared and with confidence, I took the hand of a friend.

I'm no longer alone, nor will be again.
My natural life has come to an end
But my life with my Lord is about to begin.
In my life I had my loves, so remember not sorrow, but remember our fun.
For one of these days, you'll all come home, and we'll live our lives beyond the sun.

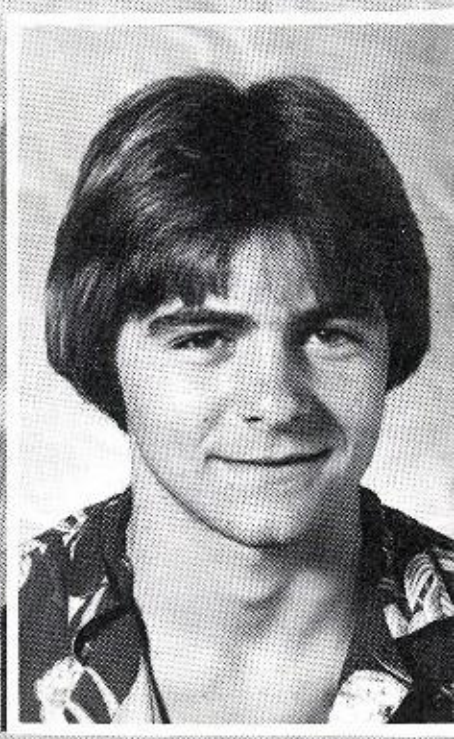
Tammie Fair

The sunshine of our family
So high he did ride,
On the back of his horse Thunder,
His love and his pride.

So dear to us all
In special kinds of ways,
We placed our love in him
And he is still with us today.

We can't forget the football
Or the animals that he loved so,
But now he's even happier
In heaven, where he did go.

So, whatever we think now
Or what we thought back then,
It really doesn't matter,
We haven't lost our Ben.



Precious in the sight of the Lord
the death of his saints.
Psalms 116:

Panthers Are Second In District

North Lamar opened the 1981 season against Sulphur Springs Wildcats at R. L. Maddox Stadium. The Panthers had a slow start. The Wildcats had a 20-0 edge at the half; the Panthers were defeated 27-0.

The Panthers' first on the road game was against Bonham Warriors. Panthers looked more experienced, but the big plays took their toll. Panthers headed home with a 25-14 defeat.

At home against Hughes Springs, Panthers opened offensively with three of four starting backs sidelined by injuries. Panthers still managed to take their first win of the year, a 7-6 victory.

Panthers hosted Hooks Hornets for 1981 Homecoming. They managed to keep a 6-0 lead until the last 29 seconds of play. Hooks scored a touchdown, but then misfired on two extra point tries. Hornets then received a third chance and made a true kick, leaving Panthers on the short end of a 7-6 fence.

North Lamar traveled to Hugo, Oklahoma, to play the Buffaloes. From the first, things were wet. The rain didn't seem to hinder the Panthers' play. They came out victorious with a 19-2 win.

The Panthers were on the road for the second consecutive week, headed for Pittsburg. This was the first district game of the season. Panthers were defeated 17-6, but at a point in the game, they had a 6-3 lead. Even as the final seconds ticked away there was still hope, but the Pirates came out victorious.

For the third straight week, the Panthers were o the road. This week they were headed for Mt. Ver non. Both the Panthers and Tigers dealt in fumbles an frustrations for three quarters. It was a defensiv touchdown which provided Panthers with the winnin edge. The 13-6 victory upped Panthers record to 3-4.

Back at home again, the Panthers hosted Winn sboro Red Raiders. The unbeaten Red Raiders wer stunned by Panthers' timely offense and supe defense. Panthers won a 26-6 victory over the shock ed Red Raiders. The victory, obtained on rain drench ed turf, brought the Panthers to a 4-4 record and .500 average for the first time all season.

Clarksville Tigers traveled to North Lamar. Panther had a 13-0 lead in the half and came ahead and had 21-0 victory over the Tigers. Panthers left the Tige with a minus-six yards rushing, no first downs, and zero-for-14 passing game.

Panthers went on the road to Prairiland for the la game. Panthers' first touchdown came on their se cond possession of the game. The Panthers downe Patriots with a 35-6 victory. Patriots finished with a 10 mark, and were probably glad to see the seaso end.

The 1981 season proved to be a good season fo North Lamar students and North Lamar Panther Team

Proposed Fine Arts Facility

Fine Arts Complex Proposed

Each year our school's attendance grows, and enrollment gets larger and larger. The North Lamar Independent School District has begun to attract more newcomers to the area. With all the new additions, came the problem of placing them all in classes. The Band has really been affected by newcomers. More students are becoming interested in the Band program. Predictions show the Band may triple in size in just a few years. The problem is the Band Hall can't accommodate so many people. In 1981, there was a bond proposed to build a new Band Hall, Elementary Gym, and bus barn, etc. The bond didn't pass. The economy was in such a bad shape and the bond was so large, people didn't want to raise their taxes so much. Along with the Band Hall, there would be a fine arts department, an auditorium, and a general drafting class. Later on in the year, after the first bond failed, people began to organize another. In the second bond, they decided to leave off some of the former proposals. They focused mainly on the Band Hall and Fine Arts Department and the Elementary Gym. Still, it's very skeptical at this point whether or not it will pass. If it does pass, we can offer more classes a won't have to worry about cutting the band back. I doesn't pass, we'll have to do the best we can w what we have.

Present Band Hall: The present band hall is a temporary build which was moved on the NL campus.

North Lamar Enrollment Is 619

In the 1981-82 school year, enrollment at North Lamar High School was 619. Forty-two faculty members were employed, and the 619 students consisted of 145 Seniors, 135 Juniors, 164 Sophomores, and 175 Freshmen.

This year North Lamar's policy for being an honor graduate changed. Instead of basing honor graduation strictly upon the student's average, the student had to take at least 16 advanced courses.

Once again this year courses were offered at three different levels, depending on the student's needs. For the accelerated student, there were advanced courses in the basic subject areas of English, Mathematics, Science, and History. These same courses were also offered on both regular level for the average student, and basic level for the slower student. French I was offered this year for the first time, and students had the opportunity to study an additional foreign language.

SAVING TIPS
on electric air conditioning

Central Systems

1. Set thermostat on 78°, or higher.
2. Have equipment checked seasonally by qualified serviceman.
3. Check filter every 30 days. Clean or replace when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps heat out, cuts energy use.
8. Weatherstrip doors and windows. Caulk cracks.
9. Keep windows closed. Open outside doors as little as possible.

Window Units
Follow above suggestions, plus these:

10. Buy units with *highest* "energy efficiency ratio" (EER). If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity.
11. Place unit where it'll get as little direct sun as possible.
12. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
13. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

1981 *Yacht* Arrives Ahead of Schedule

The annual yearbook workshop was held in March at the University of Texas campus in Austin. Students who were to be on the 1982 *Yacht* Staff attended this workshop. Shan Wigley, Paul Ray Spencer, Curtis Garrett, and Mr. and Mrs. Stephen Brown attended many sessions to find new ideas for the upcoming yearbook.

For the first time in six years, the yearbook arrived early on May 5. The 1981 *Yacht* was distributed on May 8, following the annual yearbook assembly.

Summer months were spent trying to decide upon a theme for Shan Wigley, 1982 *Yacht* Editor, and Mrs. Brown. "Givin' All We've Got As We Move to the Top" was chosen as the theme for this yearbook.

The staff was made up of fifteen members who worked long hours to meet deadlines. The staff sold over $6,000 worth of ads, and 650 copies of the book were sold.

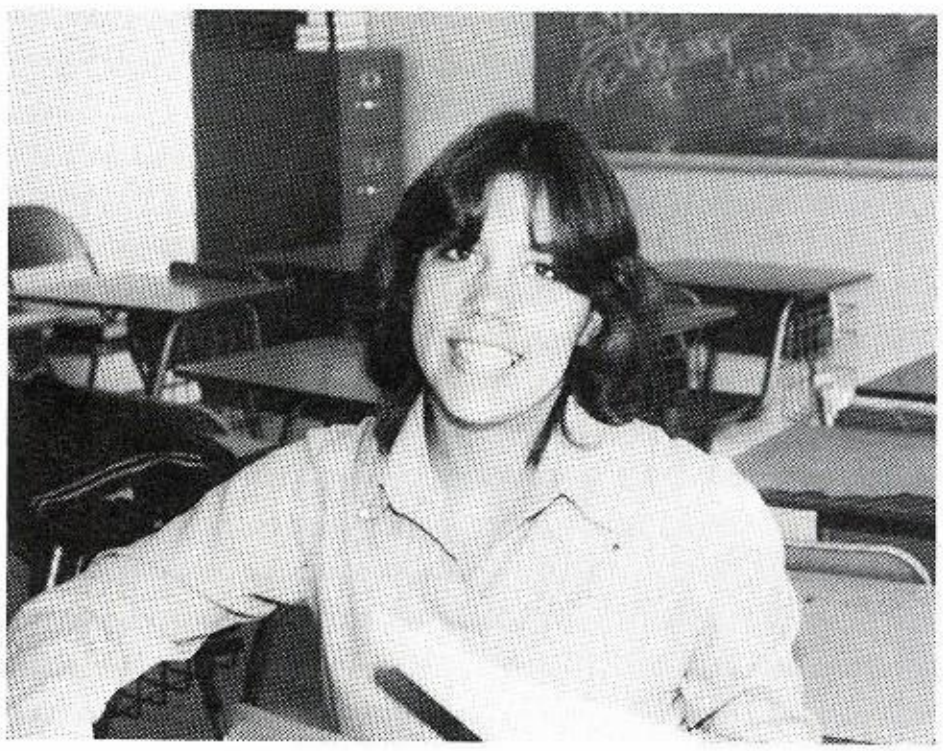
Once again personalities were reduced to only Mr. and Miss North Lamar and *Yacht* Beau and Sweetheart. Type style used throughout the book was Optima.

Identifying Pictures: Trava Coston identifies class pictures as Kala King assists.

Yacht Debut: Mr. Darrell White addresses the student body as Kelly Weddle and Mrs. Rhea Brown wait to present 1981 **Yacht.**

Typing Class Pages: Editor Shan Wigley calls out names and activities as Mrs. Rhea Brown types class pages.

Preparing the Yearbook: Some *Yacht* staff members relax as others do their part in preparing the 1982 *Yacht*.

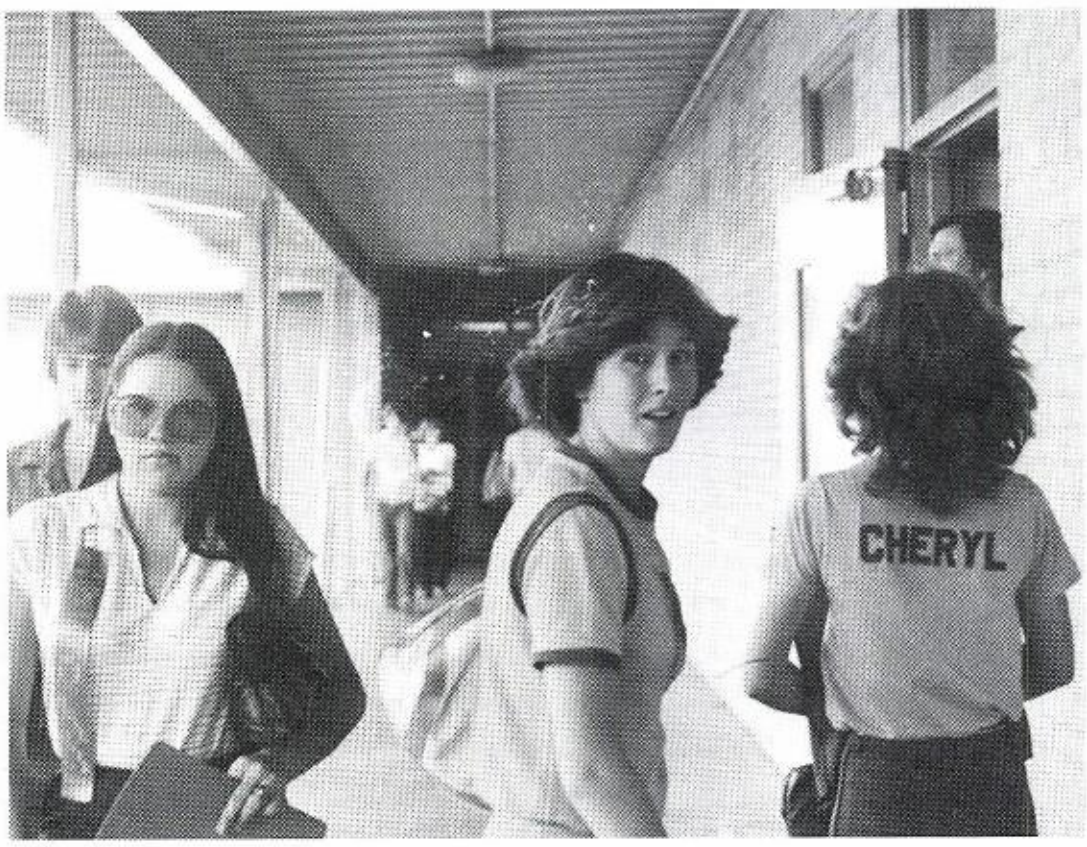


Indexing: Trava Coston attempts the unending task of indexing.
Happiness Is . . .! For Editor Shan Wigley, Happiness is making another deadline.

Givin' All We've Got as We Move to the Top

Spooks! Kim Stephens, Rosanna Reed, and Ruthy Stephens pose in Halloween costumes.
Valentine Sweethearts: Stacey Campbell is Junior High Sweetheart, and Cae Crowell is High School Sweetheart.

The 1981 Yacht received the following awards:
First Place from American Scholastic Press Association
Third Place from Columbia Scholastic Press Association
Certificate of Merit from Texas High School Press Association Award
of Merit from Interscholastic League Press Association



(Right) **Soliciting Members:** Mrs. Lynda Stephens and Mrs. Jackie Vanderburg participate in Booster Club Membership Drive.
Changing Classes: Felicia Taylor, Dee Hillers, and Cheryl Gibson rush from class to class.

We would like to thank the following people who took pictures for 1982 *Yacht*.

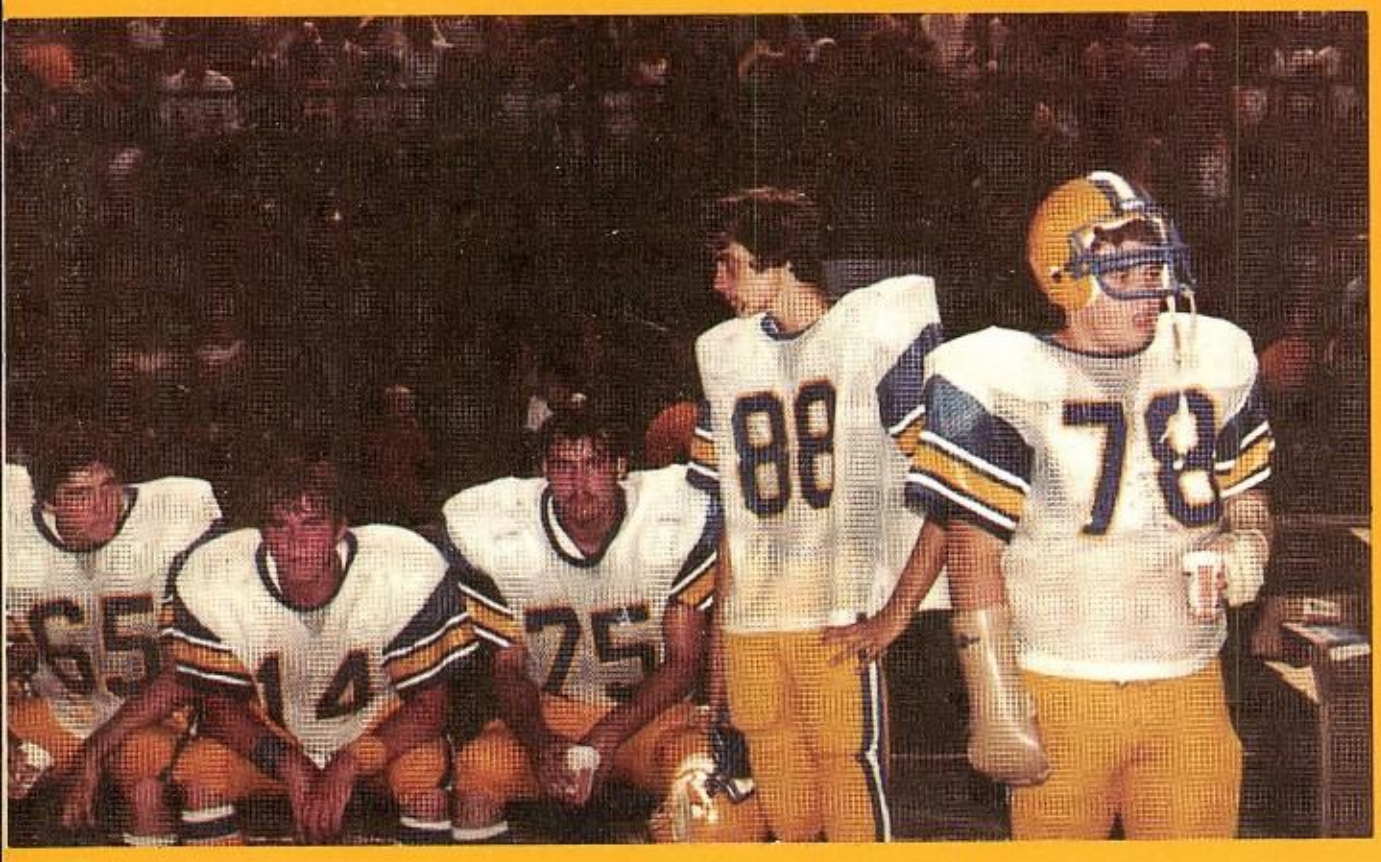
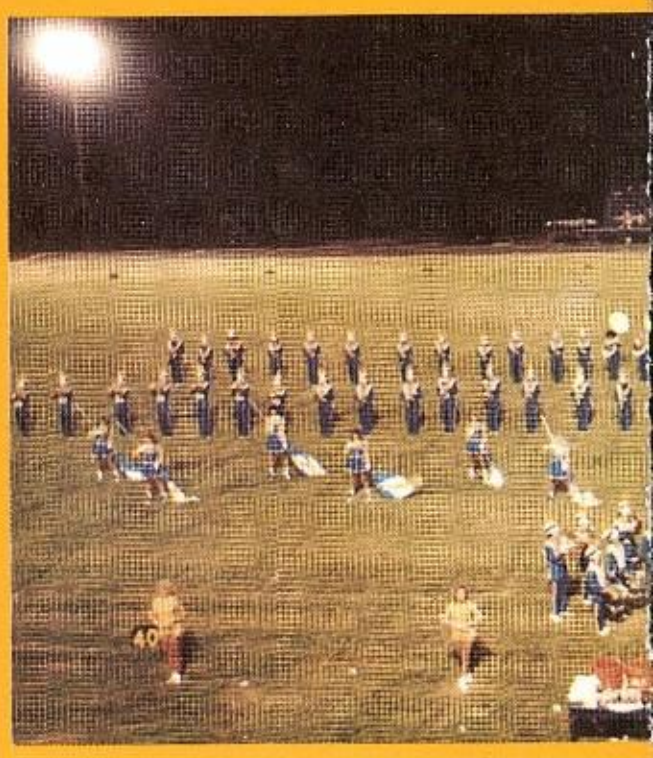
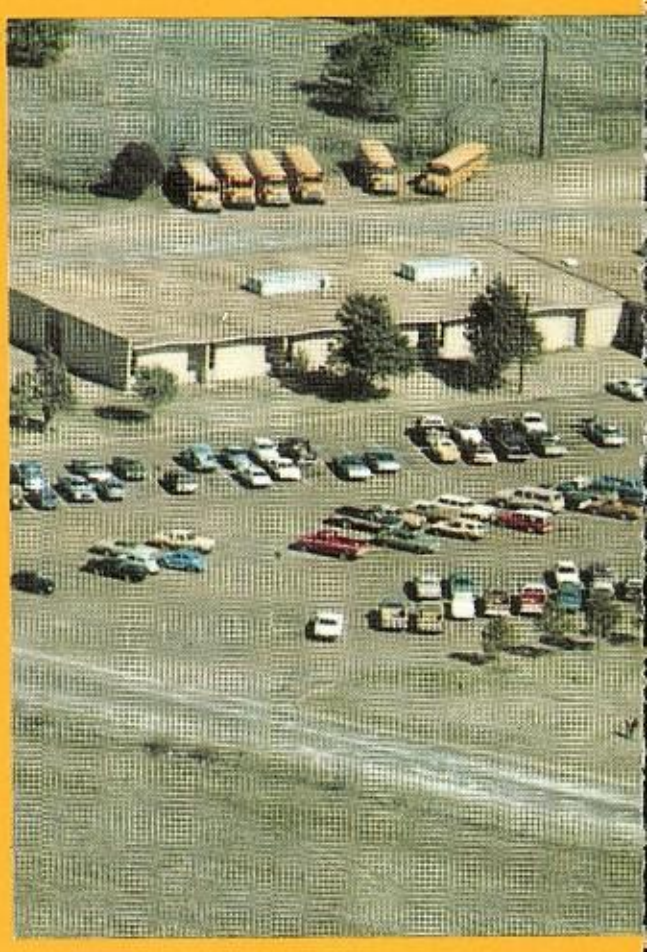
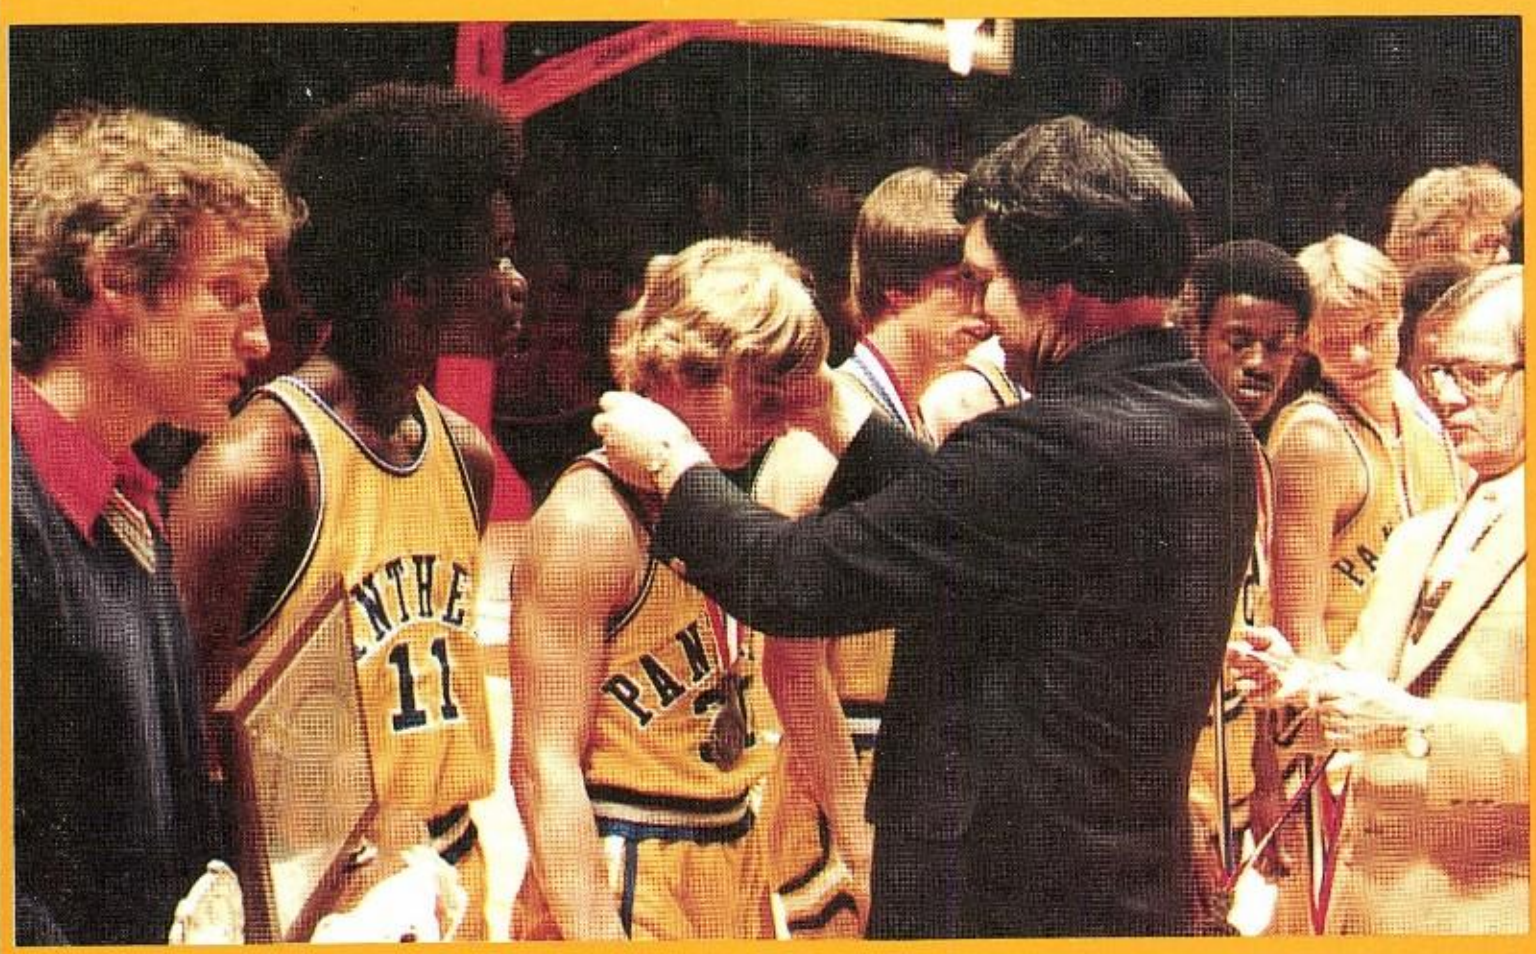
Whether your goal is large or small, it is important to you. In the years to come as you look back, may you remember the times you really accomplished your goal. Even if you didn't reach the Top, as long as you Gave Your Best, you should still have the satisfaction of knowing you Gave Your Best. If you did reach the Top, may you always remember the feeling you had when you knew you succeeded. In the future we will continue "Givin' All We've Got as We Move to the Top."









Givin' All We've Got
